

**Intermezzo Wereldklas 2**

# **Food around the world!**

This week it is all about food all over the world.

You are going to create your own restaurant and learn about another country and what their habits are.

You have to answer and write down the answers in **bookcreator**

Your presentation and everything belonging to your restaurant should be in it.

You have to do the assignments in VO content yourself.

You have to develop the restaurant and the presentation in groups.

## Assignment 1

### International country presentation

Your English teacher has made groups for your class.

Introduction:

You work for the BBC news station. The news station has given your news crew an assignment to create a presentation (Power point or Prezi) about an International country of your choice. You are going to do research about this country. Make an interesting interactive presentation.

It should last 10 minutes and at the end you add your information about your restaurant.

1. Ecosystems and climate;
2. A Map and flag;
3. Religion
4. Famous museums and artists;
5. History;
6. Food, what do they eat and why.
7. Include pictures and a You Tube clip (no longer than 1 minute);
8. Other information you can think about is the coat of arms and national anthem
9. Important cities
10. Cultural habits

## Assignment 2

### Opening a restaurant

Use your country (same as your presentation)

Is it easy to eat out in your town or city? Do you miss a certain kind of bar or restaurant? In this task you get the chance to think about setting up your own!

- Work in groups of four.
- Think of a good location in your town or city for setting up a restaurant. Think of reasons to support your idea as well!
- Think of a concept for your bar/restaurant (fast food? healthy food? sandwiches? ethnic food?). Think of something you all like!
- Design the menu for your restaurant. You should include four categories, one of them being drinks and the other three being food (e.g. starter, main course, dessert, sandwiches, breakfast etc.). Each category should have at least three options (dishes).
- Make a presentation about why your new restaurant is a great idea. Together with your class vote for the best idea!

**Very important:** Money is not a problem! Think of whatever you like. Don't forget to use your fantasy!

### Assignment 3

Make a collage about your country and food in your country.

### Assignment 4

Choose one recipe and write it in English.

What , how, etc

So what do you need, how do you have to make it!

Choose a starter , a main course and a dessert!

### Assignment 5

Design a signboard for your restaurant!

Use your imagination and try to make it with paper or cart board!
